

# AGE GUIDELINES

Written below are client age guidelines for tours, self-guided packages and hire.

All information here is based on low water levels (eg. 0.45) and is subject to approval from management. Whilst we will endeavour to ensure you are able to use canoes or kayaks on your desired section of river for your age, this cannot be guaranteed and Barrington Outdoor Adventure Centre reserves the right to add, withdraw, substitute and/or vary booked routes, prices and departure times for a Hire without notice, due to safety, floods or low water or any other cause. Reasonable endeavors will be made to maintain arrangements as advertised. BOAC will notify you as early as possible of any required changes.
